

SMU-SingHealth Graduate Diploma in Healthcare Management & Leadership (GDHM)

The first and only programme of its kind in Singapore, the SMU-SingHealth GDHM aims to nurture highly competent and focused healthcare professionals into holistic and broadminded business leaders in the healthcare sector. The programme was conceptualised and co-designed by senior leaders from SMU and SingHealth.

Now into its intake 10, participants can gain business, leadership and management capabilities, in addition to the latest insights and perspectives of the healthcare industry through the programme.

Who Should Attend

Public sector Clinicians, Nursing & Allied Health Professionals and Hospital Administrators with significant managerial responsibilities or demonstrate exceptional leadership potential in their course of work. Selected professionals from private healthcare sector and those from related sectors (e.g. non-profit, voluntary welfare organisations, ILTC sectors) are welcome to apply.

"The SMU-SingHealth Graduate Diploma in Healthcare Management & Leadership is an excellent course in every way."

Jonathan Choo

*Consultant Paediatric Cardiologist
KK Women's and Children's Hospital*

"Learnt so many things in 4 months.
Very worth it."

Ong Seok Peng
